---

“Certainly, the fire into which the damned shall be cast shall be without all intermission of time or punishment. No tears, nor blood, nor time – can extinguish the fire of hell. Could every damned sinner weep a whole ocean – yet all those oceans of tears together, would never extinguish one spark of infernal fire!”

#### **2017 Church Covenant Renewal Sunday**

Our annual Church Covenant Renewal Sunday will be held Sunday, November 5.

This special service is held annually and allows our members to renew their covenant membership to the Lord and with each other as a body of believers. The Lord's Supper will be held following the renewal commitment. We look forward to spending this special day with our church family.

#### **An Evening With The Sounds Of Christmas**

“Christmas is a season for singing – a midwinter's epoch of joyful music – and the hymns of Christmas are among the best-known songs in the world. Beginning on that wondrous night when angelic choirs hovered over Bethlehem's fields and down to our own day, Yuletide carols have cheered the world with the greatest news in history. No wonder we sing them from our earliest days to our grayest years.” As we continue our “An Evening With” series, we invite you to join us Saturday, December 2 for An Evening With The Sounds Of Christmas. We will spend an evening singing our most cherished Christmas hymns & learn the stories behind them. Mark the date on your calendar & make plans to join us as we sing & celebrate the birth of our Savior!
