Southern Seminary Professor, Hershel W. York's response to this week's Supreme Court ruling on same sex marriage:

*I anticipate that the churches who stand firmly and lovingly on the Word of God, who focus on the gospel of Christ and preach the necessity of genuine faith and repentance for salvation, are about to experience an indisputable and authentic movement of God's Spirit. The Christ-modeled balance between an unyielding commitment to the Word and a lavish love of people will offer the world something that they desperately need but cannot find anywhere else. People are no more lost now than they have ever been, and Jesus is no less Lord now than He will ever be. We dare not cower in our churches as though God has lost anything. The only decision handed down that matters is that the gates of hell cannot prevail against His church!...It may seem like we've hit the bottom. By God's grace, we are about to discover there's a Rock down there.*

#### **Psalms 31:1-3**

*In You, O LORD, I have taken refuge; Let me never be ashamed; In Your righteousness deliver me. Incline Your ear to me, rescue me quickly; Be to me a rock of strength, A stronghold to save me. For You are my rock and my fortress; For Your name's sake You will lead me and guide me.*
